Joan/All

water quality fact sheet for your review. Will add FAQs to end of this and plan to include pdfs of map (sampling locations) and data table (being generated now).

OK. I will work on getting the first fact sheet final and getting it out. Sandy will work on the data fact sheet. Does that work?

Would you like me to set up a third fact sheet for someone in the legal dept. to work on that deals with the compensation issue which is clearly a big deal for folks on the ground- both those affected and our staff working with them?

I suggest Sandy Stavnes take over the lead on the Fact Sheet/FAQs. I will work with her as we finalize it.

**Subject:** #2 Fact sheet about data

Here is a draft of the next fact sheet which will be all about a the data or anything integrally related. Please take this and feel free to comment and add.

Field personnel. I have sent this to you so you can make us aware of any current issues about the data or questions that people are asking that we can address. Don't worry about thoroughly commenting yet as this is very draft.

I will keep incorporating comments unless someone else wants to take over working with this fact sheet.
